Signature..... Date.....

BOOKING TERMS AND CONDITIONS

PLEASE READ THESE CAREFULLY

Temple Basin Ski Area is operated by Temple Basin Ski Club Inc., a Charitable Trust. In order to offer guests the best experience at the lowest cost the lodges are run communally. This means that everyone staying in a Lodge is required to participate in general housekeeping or food preparation duties each day, and we ask that these be carried out in a willing and cheerful manner.

Guests staying over a weekend have particular responsibilities. On arrival, each guest must assist with carrying personal belongings and the food supplies from the goodslift top to the Lodges. On the final day, all guests must assist in cleaning the Lodges to a reasonable standard for incoming guests.

The Manager has the authority to maintain safety on the field, proper use of facilities and a reasonable standard of behaviour. He has absolute authority over guests and anyone exhibiting unreasonable behaviour is liable to have their stay terminated.

All of the Lodges are smoke free areas where smoking is absolutely forbidden. Because of the fire risk, smoking is totally banned from all buildings on the Field. Fire and emergency equipment is to be used only in emergencies. This equipment will be demonstrated during each week by the field staff.

Warm clothing, footwear and a torch must be kept handy to your bunk each night in case of fire.

All cancellations must be in writing. A 30% fee will be levied up to one month before the package commences. A 60% fee up to two weeks prior, and thereafter 100% fee will be levied.
